SEMEN SHIPPING

We prefer to ship by Federal Express; however, FedEx does NOT pick up on Saturday at Rodrock Ranch. Also, some mares may need same-day service in coordination with ovulation. Airport information is as follows:

Stallions are collected 8:00 A.M. for afternoon departures from MCI, Kansas City. We do not alter this routine for an individual shipment. Therefore, most of the semen arrivals will be evening and some could be very late, depending on your location.

If you need to ship semen by airline, call ahead well in advance to confirm that a flight will be available. We cannot guarantee flight schedules.
